

EXPERIENCE THE DIFFERENCE WITH AFRIA

AFRIA's management team is comprised of healthcare, administrative, and business professionals. The goal of our team is to ensure and maintain the continuance of optimal care in the home environment. Afria functions on the basic principle that physical health is grounded on balance and wholeness. This concept and approach is applied in the development of the personalized plan of care.

AFRIA recognizes all people as individuals and does not discriminate regardless of position, power, race, creed, religion, ethnicity or handicap. It is our belief that all humankind is entitled to quality healthcare. Afria is dedicated to this provision and will ensure that its clients are treated with the dignity and respect deserved.

AFRIA provides service to the elderly, physically/mentally challenged and convalescing individuals. Overall supervision is provided by Registered Nurses.

Services available in the
Atlanta Metropolitan area.
